

I am a listener to Klove, which provide an alternative to all the negativity that I am bombarded with daily. I know that listening improves my attitude which improves how I handle everyday stress. Traffic, other people in the work and family. K-Love helps point people to the help that they need. They have on staff counselors to help listeners with problems and concerns. How many other radio stations have a staff to handle suicide calls 24 hours a day/ 7days a week. K-Love is a station that everyone can listen to. I never have to worry who is the car with me and what the may hear. The station edifies leaders and families. It is positive and enjoyable.
